

Fort Shafter Notes

[Special Star-Bulletin Correspondence]

FORT SHAFTER, T. H., April 14.—The conclusion of the range practice for the 1st battalion at the slow fire schedule, qualification course, shows 1st Sergeant Calhoun and Private Krueger, both of B company, as high score men. Each of the two men named has a total for the three ranges completed of 125. Lieut. Ira Longenecker of A and Lieut. C. H. Wright, battalion adjutant, are the leaders in scores among the officers of the battalion, the former having 129 and the latter one point less. In A company Private Vager leads with 125 and 1st Sergeant Harrison is second with 121. Corporal Kyle leads C company with 123 and Private Gayster is a close second with 122. D company's high score of 123 was made by 1st Sgt. James Leydan and was the same as C company's best, being 123 and the second score in Leiden's company was a 122 made by Private Martin. The battalion started the second stage of range firing this morning with work in rapid fire at 200 yards and will endeavor to complete the course by tomorrow night. The battalion is on the range for more than eight hours a day and has been most fortunate as regards weather conditions. When it is considered that to qualify as an expert rifleman a total of 253 points must be made it is seen that no extensive raid on the treasury is in sight since even the high men of the battalion to secure the \$5 a month extra pay have still 124 points out of a possible 150 at rapid fire to make before the raid will be very effective. The total for sharpshooter and its \$3 is 238 and the lower grade of marksman requires 202.

On Easter Monday Mrs. Francis H. French of the garrison asked all the little folks of the post to come to her quarters in the afternoon for an egg hunt. More than 40 of the youngsters engaged in the search for the gaily colored eggs and the scene was one of great excitement. Pretty prizes were awarded for the successful ones and these went to Miss Mildred Malone for the girls and to Robert McCleave for the boys. A number of the matrons of the post were present to assist in serving refreshments for the kiddies at the conclusion of the counting of the recovered eggs and the awarding of the prizes. The afternoon proved to be one of great merriment and rare enjoyment to Mrs. French's little guests.

Lieut. Frederick A. Barker, 2d Infantry, has been notified by the war department that he will be examined for promotion to the grade of 1st lieutenant in about three months. Lieutenant Barker is second on the list of 2d lieutenants in the regiment, the senior of that grade being Lieut. C. I. Crockett. The latter has passed his examination and as he stands seventh for promotion will probably receive his step within a short time.

blank form to come up here to testify. It wasn't on the form or face of the subpoena what for. I contend that your honor didn't go far enough when you said a person is entitled to know what subject is being investigated. I contend it ought to be on the face of the subpoena and the jury ought to know that.

MR. M'CARN: There's a newspaper report published this morning to the effect, if it means anything, it means that there's been an effort to pack this grand jury, and I respectfully ask that the court order an investigation to determine whether or not there is anything in that charge. Now, it seems to me that it is unfair of the court or the officers of the court are held up by direct charge or by implication that certain people have been excluded from the grand jury or that certain nationalities shall not get on the grand jury; and when that charge is made in advance that no such people will get on, that means nothing or it means that somebody has got hold of the rein and is preventing the proper selection of the jury. If such a thing as that has been done, he ought to be brought to justice. I don't know who is the man, what party made that statement. I say, if the court please, I denounce it as willful and maliciously false so far as this office is concerned. The court is able to take care of itself.

MR. WILDER: The more they investigate the United States attorney's office, the better I'll feel for it. It's a matter of current rumor down town that the jury in the second Bower case was packed.

MR. M'CARN: The man who circulates the rumor is a willful and malicious liar. The man who circulates it—not only the man who starts it. Now I ask, if your honor please, that that be investigated. I ask that it be investigated. If your honor please, and any other matters that counsel sees fit. The Breakwater, the Thielien case, and any other which the drunkards and their gang please, to embarrass me in the discharge of my duty in this court. I want it all investigated, if your honor please.

THE COURT: I don't feel like investigating any matter on mere newspaper report. I have nothing against the newspapers at all, but I know they sometimes report things on mere rumor that are not well-founded. If any man has charges to make, he ought to come out boldly and put those charges in writing under his oath; if he doesn't know the matter directly, stating the source of his information. The court is not going to take up its time to go into these matters merely on newspaper report. I don't care to say anything so far as the court is concerned about my part in any matters in the drawing of any jury. If anyone sees fit to start an investigation, well and good. I think that attorneys might well get down to business and stop all this newspaper discussion. It seems to me so far as members of the bar are guilty of starting it or keeping it going, they are not doing their duty as attorneys.

WAR TO THE DEATH,
PROMISE OF RIVAL
THEATRICAL TRICK

"It is certain, whatever proportions the rumored local theatrical war may assume, that the McRae company will give its vaudeville and picture show tomorrow night, and what is more to the point," says Director McRae, "we will give our performances for the balance of the week and very shortly will give a mammoth production of Othello, regardless of the opposition management."

"Mr. Cohen claims that I agreed not to give any dramatic performances here. That is utterly absurd. Why should I make any such agreement with him or anyone else? It is too foolish to discuss further. If Mr. Cohen wants war we are certainly ready for him."

All friends who have donations for the Kapahulu rummage sale, please call Mrs. Clark, telephone 4319, before April 23.

LOCAL AND GENERAL

Two years ago today the Titanic hit an iceberg and sank in the western Atlantic; 1312 lives were lost.

There will be a public dance this evening at the bath house, Kapiolani park. Captain Henri Berger is to be on hand with his band to make music for the event.

The quarterly accounts, to March 31, 1914, of Augustus E. Murphy, clerk of the federal court, were yesterday afternoon approved as correct by Judge Charles F. Clemons.

Company B. N. G. H., will not drill tomorrow evening in order that the members of the organization may attend the play to be given by Company D.

A banquet by Oceanic Lodge, No. 371, F. & A. M., will be given at the Moana Hotel this evening at 7:30. All members of Oceanic Lodge are expected to attend.

Catholic Boy Scouts to the number of 32, under the command of Scoutmaster Father Reginald, left Honolulu for a hike to Waipahu this morning. The scouts intend touring that part of the island and will return to Honolulu Saturday.

The Koolau Truck Company filed articles of association with the territorial treasurer yesterday. The company plans to do a general passenger and freight business. The capital stock of the company is set at \$3500, divided into 3500 shares.

A garden party for the benefit of the Navy Relief Association will be given Friday, April 24, at the residence of Rear-admiral C. B. T. Moore, 2005 Oahu avenue. The affair will begin at 3 o'clock, ending at 7 o'clock. Dancing, tea and a concert make up the program.

J. J. Dias, who was let out from the employ of the city and county as engineer more than six months ago, filed a formal demand with the board of supervisors at noon today for one month's salary, amounting to \$110. He based his demand on the fact that he had not been given a month's notice before his release.

The action of Robert Bond against the Hawaiian Gazette has been set for trial before Judge Dickey for tomorrow morning. The plaintiff asks \$10,000 damages on account of the publication of an alleged libelous article. It is expected that the trial will consume three or four days.

An appeal from the district to the circuit court was made this morning by the Kahuku Plantation Company, garnishee, in an action brought by Gonsalves & Company against Manuel Lopez for \$25.95. The lower court gave judgment in favor of the plaintiff.

There will be a meeting of the Kaimuki, Waialae and Palolo Improvement Club on Thursday evening at Liliuokalani schoolhouse. There will be a general discussion of several topics that are of vital interest to that part of the city. All members of the club and those living in that section of the city are asked to be present.

C. S. Ward, the Y. M. C. A. building expert and instigator of the whirlwind campaign movement for funds, who recently conducted a campaign in New York City by which \$4,000,000 was raised for association buildings in that city, has written to the local association asking that plans of the Honolulu building be forwarded to New York. Mr. Ward is making a collection of American association building plans.

Judge Whitney's division of the circuit court was occupied this morning with the trial of Freitas vs. Ramon Sylvester, which has been on hearing for several days. It is not likely that the case will be finished today. If not, it will be taken up tomorrow morning and will probably go to the jury by noon. The action is one based on an alleged conspiracy against a young girl. The plaintiff asks damages to the amount of \$10,000.

Bids for the construction of two homestead roads on Hawaii and the clearing and grading of the Olaa summer lots were opened yesterday in the office of the superintendent of public works. John Bohnenberg of Hilo was awarded the contract for clearing the Olaa property, his bid being \$3712.40. The bids for the construction of homestead roads were submitted by John Wilson. They were as follows: Ku laimanu \$6500, 120 days. Kaapoko \$5100, 120 days. Contracts have not been awarded.

With upward movement of sugar prices, as indicated by the cabled quotation of 2.95 cents for centrifugals, yesterday, local sugar men are inclined to believe that better times are in sight for the industry. For the past 10 days the bottom price for 20 years of \$58.40 per ton has prevailed, and while the new quotation is an advance of but 90 cents per ton, it will mean some \$10,000 to Hawaii if it holds for another week. The report that the Porto Rican growers are in distress and that many of the plantations there will have to cease operations unless better prices soon prevail, and also that some of the less stable Cuban properties are talking of closing down, it is believed, will have a stimulating effect on prices.

for them to meet Honolulu people. We have a lot of soldier talent at Schofield, and can get up a first-rate circus and vaudeville show. And don't forget about the side shows."

The Ad Club joined at the plan and accepted the invitation with its usual enthusiasm. President Farrington appointed a committee to work out a plan for attendance en masse, the men who will go the morning for the trip being J. D. Levenson, John Effinger, Tom Wall, E. H. Tattle and J. Grubbe. It is to be a uniform affair for the Ad Club, and a non-uniform formation for the soldiers, who will be costumed as "Rubes," short-card sports, barkers and other regulars of the "big top." College Advertising.

Educational advertising was the subject of an interesting address by Prof. Vaughan McCaughey of the College of Hawaii. The speaker explained the work that was being done by the colleges of the country in extension, and he classed as the unselfish type of college advertising. This, he said, the College of Hawaii was doing on as large a scale as possible, and he asked the Ad Club and the college to get together for the benefit of the entire community. By some well arranged charles Professor McCaughey showed how this could be accomplished. The Ad Club, for its part, can get acquainted with the college and its work; can use the college and its facilities for information; and can generally back up the college.

The College of Hawaii, for its part, can distribute regular instruction in tropical agriculture, engineering and mechanical science; can continue with technical research, and can make itself of maximum service to every person in Hawaii.

The speaker was both earnest and interesting, and was given plenty of applause at the conclusion of his address.

Dr. Ian McLaren was another speaker touching on several points of interest to Honoluluans. He said, among other things, that Honolulu had the poorest lot of street-car conductors of any city in the world.

A Pittsfield (Mass.) man bought a second-hand piano and in due course of time had it tuned. Inside the piano the tuner found a shirt, freshly laundered, and \$106 in nickels. The shirt was the right size for its finder.

ARMY NOTES

Captain J. H. Griffiths, United States Army, until recently assistant to the depot quartermaster at Seattle, is now classed as a deserter in addition to being under the charge of embezzling about \$8000 of Government money. Placed under arrest in Seattle and allowed to remain in his quarters without guard, Griffiths has disappeared. The Government has posted a \$50 reward for him. If he is apprehended he will be tried on the additional charge of desertion.

In Army circles the officer's latest offense is on the unforgivable list of the service, for he was placed upon his honor to appear before a court-martial that was to convene at Fort Lawton.

Griffiths was charged with embezzling Government funds in order to "swing" a \$70,000 timber deal. He was arrested as soon as the defalcation was discovered. He was known to have remained in his quarters in the hotel in Seattle that he selected as his place of confinement until Saturday evening, and then he was seen at the union depot at Seattle. That is the last known of him. It is believed that he has gone to Canada.

Captain Griffiths, upon conviction of embezzlement, would have faced dishonorable discharge from the army and five years in the penitentiary. As it now stands he will face an additional charge of desertion.

Maj. William C. Rivers, who until recently has held the detail as chief of the Philippine constabulary, with rank of brigadier-general, is not to go with the 2d Cavalry as he was first ordered upon completion of his duty in the Philippines, but goes instead to the 1st Cavalry, his old command, where he fills a vacancy made through the retirement from active service of Maj. J. B. Hughes. Much of Major Rivers' work in the line has been with the 1st Cavalry. He was as-

signed to that command upon his graduation from the Military Academy in 1887, and remained with it until promoted to 1st lieutenant, August 18, 1894, when he was assigned with the 3d Cavalry, only to be transferred back to the 1st in November of the following year.

When he became a captain in 1901 he was sent to the 11th Cavalry, but went back to the 1st eight months later, remaining with it for more than seven years, when he was transferred to the 12th Cavalry, only to again be attached to the 1st a few months later. He was appointed assistant chief of the Philippine constabulary with the rank of colonel, October 26, 1906, and has been with that force ever since as assistant and later as chief. He served on the general staff from August 15, 1903, until March 23, 1904. The headquarters of the 1st Cavalry are at the Presidio of Monterey.

Maj. Herman Hall, 12th Infantry, who went to the Philippines as military aid to Governor-general Harrison, will be Major Rivers' successor to the chieftainship of the constabulary forces in the Philippines, thereby attaining the temporary rank of Brigadier-general. Major Hall some years ago served for a time as assistant chief of the constabulary.

Brig-gen. Frederick Funston, temporarily in command of the second division, now under canvas in Texas, has been advised by the chief of staff that the division will remain in Texas for an indefinite time, thus setting at rest the rumor long current that on or about July 1st the different regiments of the division will be sent to their home posts. Army men believe that the division is doomed to remain in Texas until the Mexican situation comes to a head.

Col. Walter D. McCaw, medical corps, has been relieved from duty in the office of the surgeon-general in Washington, D. C., and comes to San Francisco in time to sail for Manila in the transport clearing May 5.

Personal
Mentioned

CAPT. J. R. THOMAS, JR., of the 1st infantry, returned to Hawaii as passenger in the United States army transport Sheridan.

SECOND LIEUT. JOHN P. MCGERLY of the 2d Infantry, was a passenger for Honolulu in the United States army transport Sheridan.

MRS. CLARENCE DEEMS, wife of Captain Deems of the 1st Field Artillery, returned from the coast last morning as a passenger in the U. S. transport Sheridan.

MISS GERTRUDE A. MASON, who is to take up work of instruction in deaf, dumb and blind children in this city, was a passenger from the coast in the United States army transport Sheridan. Miss Mason comes to the territory highly recommended as a teacher along this particular line.

COL. J. T. KNIGHT, formerly identified with the United States army transport service at San Francisco, and now assigned to the Philippines as chief quartermaster with headquarters at Manila, is a thorough passenger in the transport Sheridan. Colonel Knight is accompanied by Mrs. Knight, a daughter and three sons.

CARD OF THANKS.

R. Villalor and family wish to extend their sincerest thanks to the many kind friends and relatives who offered their sympathies at the time of the death of his wife, Mary Llan-advertisement.

A lady asks if mourning envelopes might be referred to as "blackmailers." Oh, ain't that awful!
